Key-Roles in School Management:

Module : 1

PARENT'S APP

Now Let's move into the app complete functionality documentation for Parent's Module

Attendance Management

Timetable

Student Performance

Fees Submission

Assignment

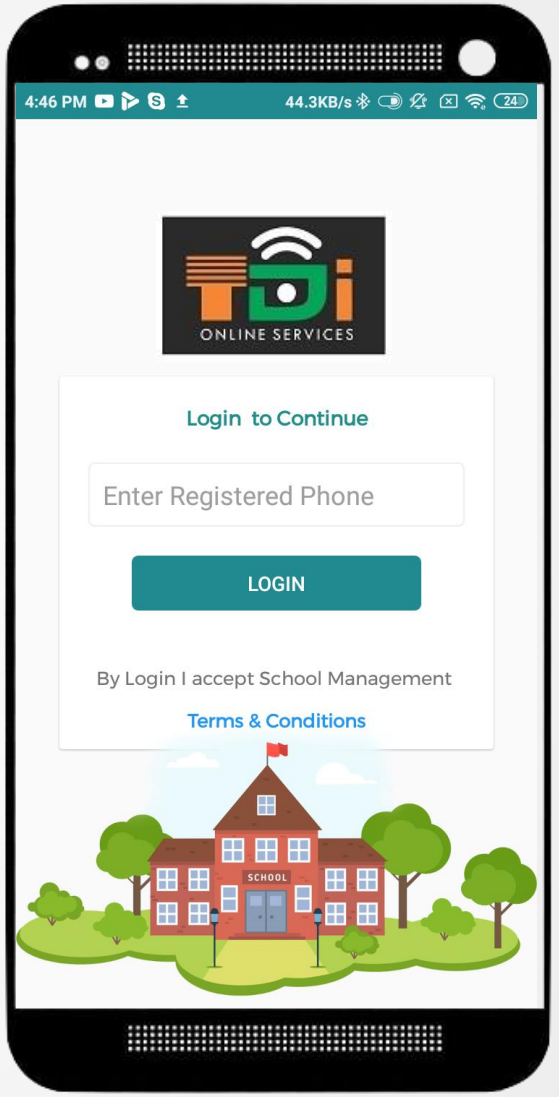
Notice Board

Notifications

Profile

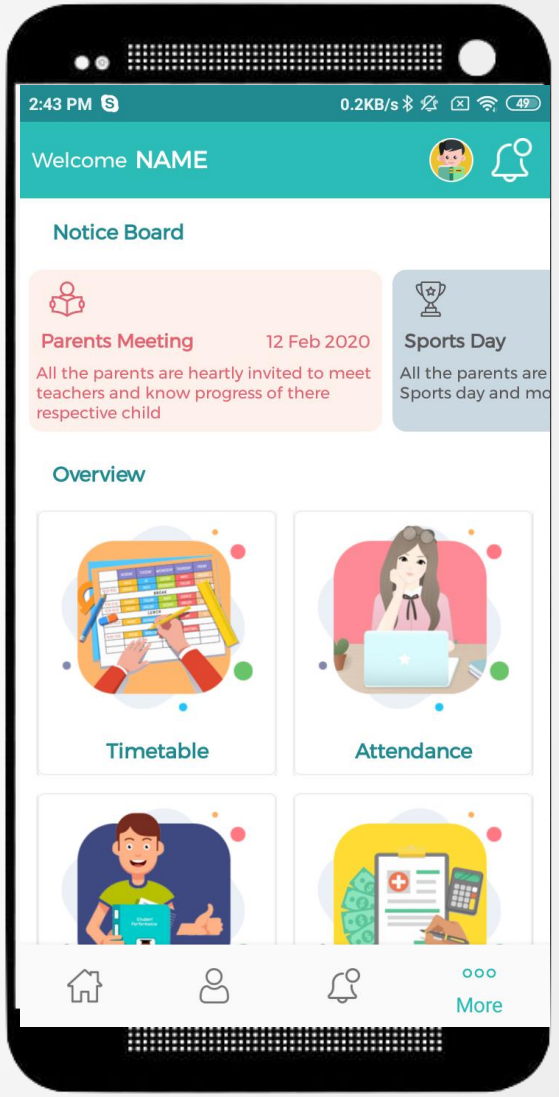
Login - Register process

The details of parent with respect to the specific student will be registered with parent mobile number, with which they can login with OTP authentication and access this app feature.



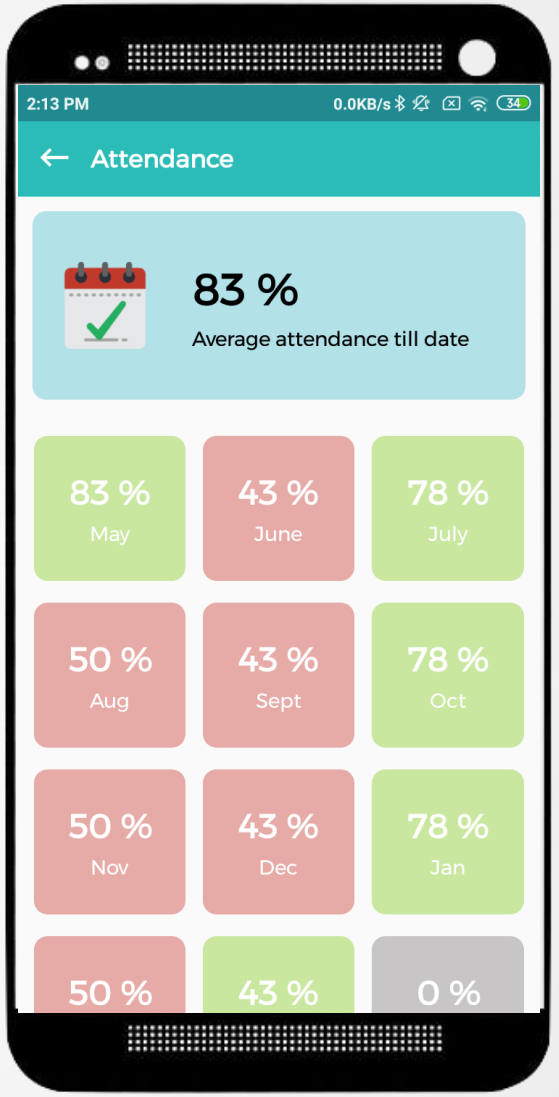
Home Screen

All features can be accessed from Home screen. A sample of same is displayed on the right:.



Attendance Management

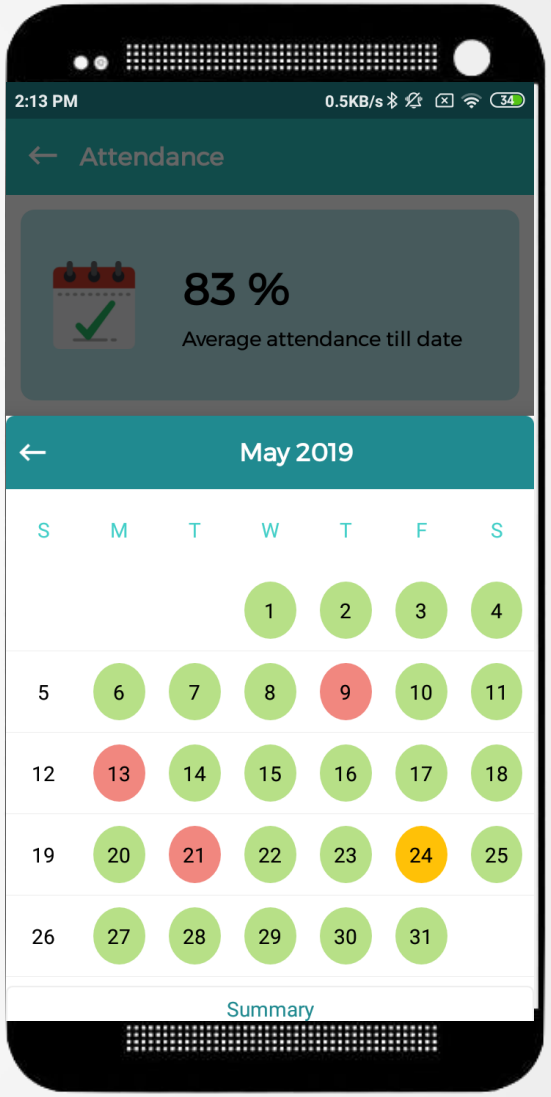
Attendance management is one of the most useful feature of this app, as the marked attendance will be displayed to parents in a calendarview with pre-described format of months with attendance percentage of each month colored green and red along with average attendance ongoing till the date on top banner of same screen.



On Tapping any month, Calendar popup displays the detailed attendance report view of dates with colors for every functions :

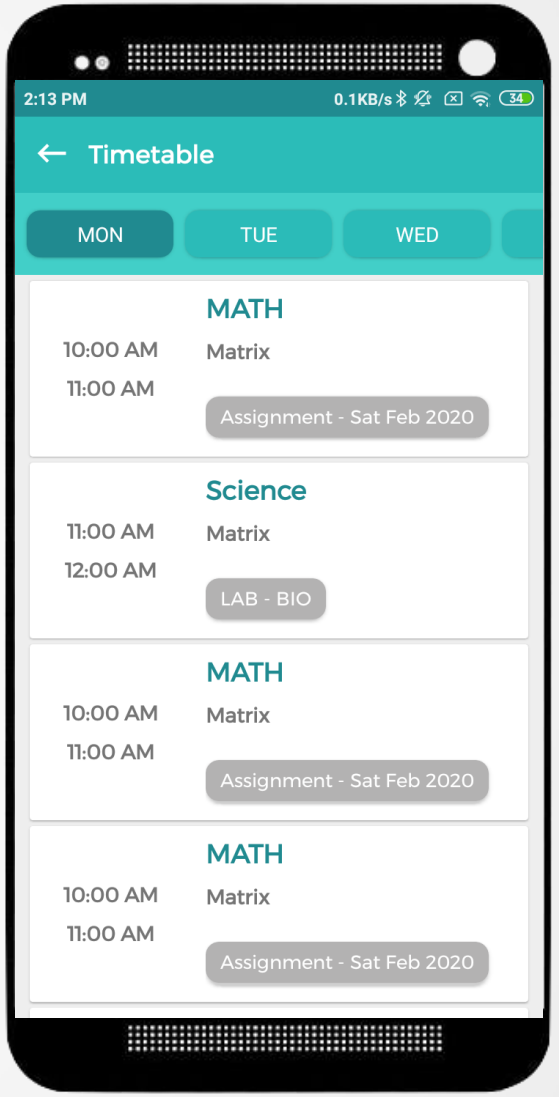
1.) Green - for Present
2.) Orange- for Leave
3.) Red- for Absent

This feature can help parents get the detailed information of each day in simple and easy way to gather attendance report of their child (student).



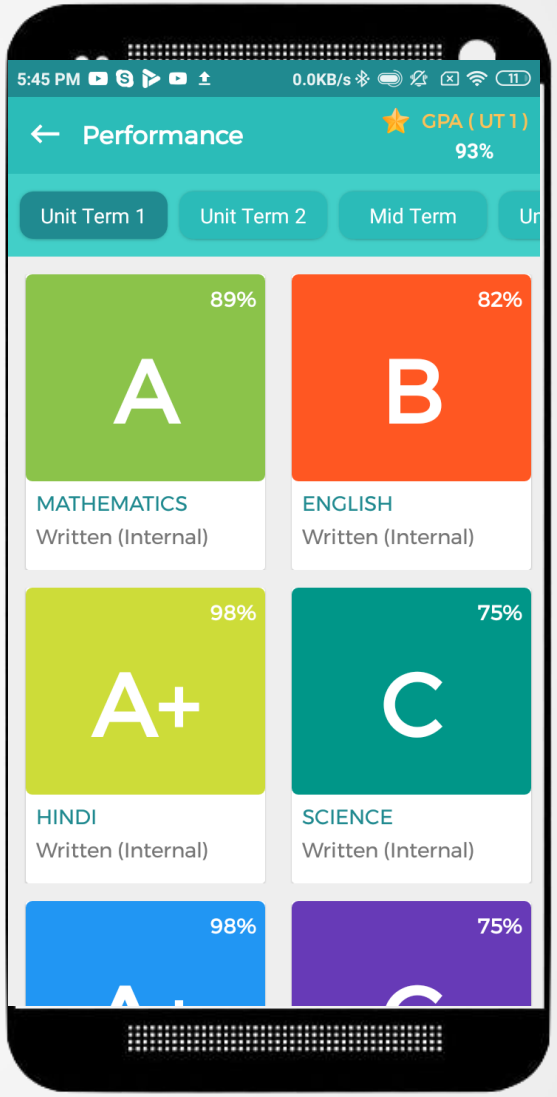
Timetable

With Timetable, Parents can check timetable categorised day-wise, On selection of a specific day, Timetable for the full day will be listed with :
-From-To time period
-Subject of the period



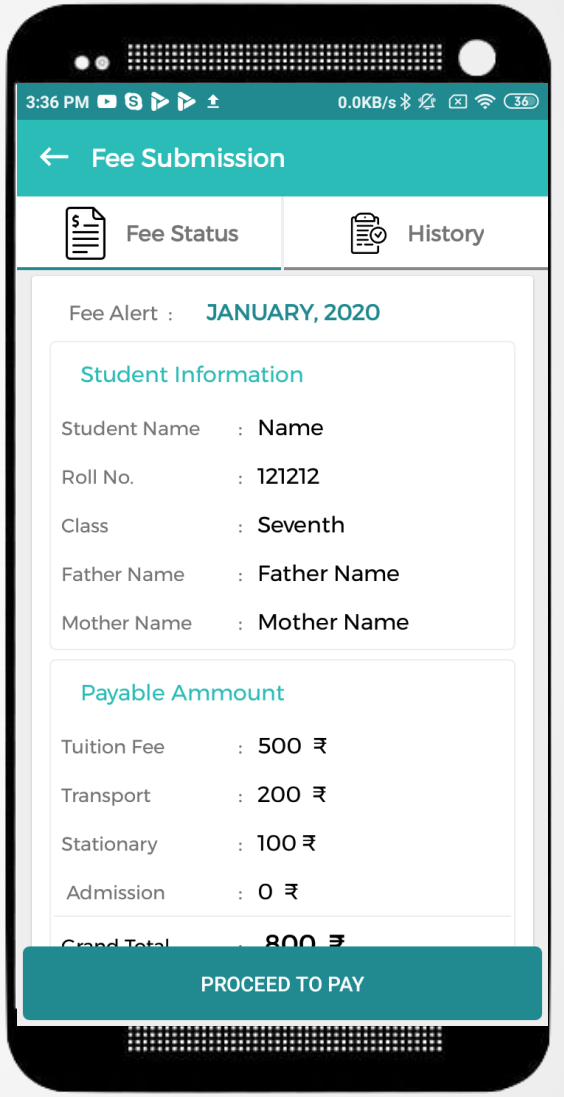
Student Performance

Parents can track their child (Student's) performance categorized with exam terms , by selecting which each subject's grading and marks will be displayed. Overall final percentage will also be displayed on top right of the screen.



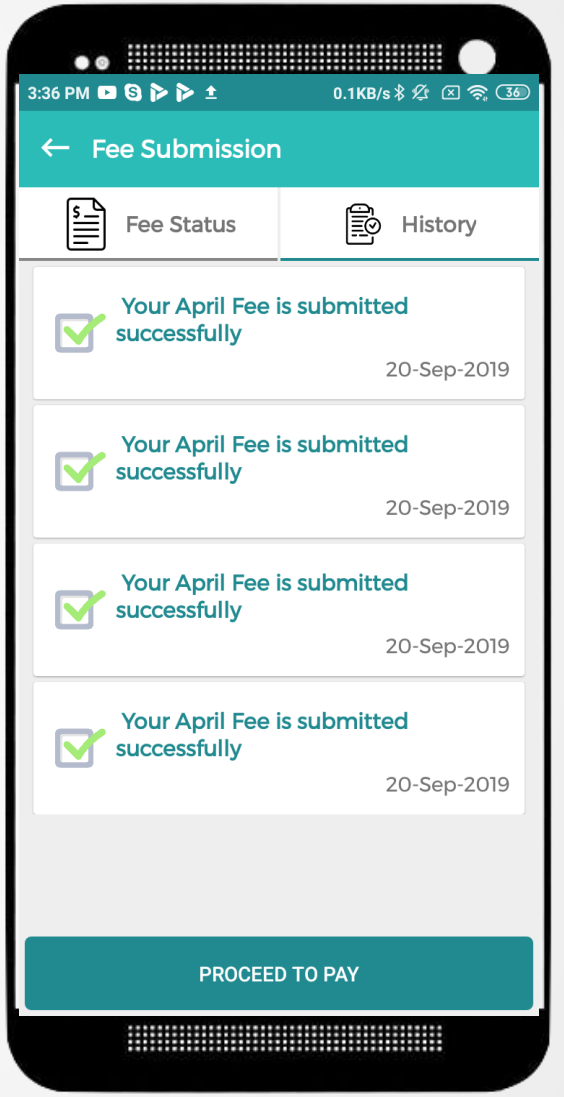
Fees Submission

Now anywhere , anytime parents can access fees status, pay the fees online.
Even parents can access detailed fees structure along with late fees (if any) processed over the fees and pay as whole with a tap.



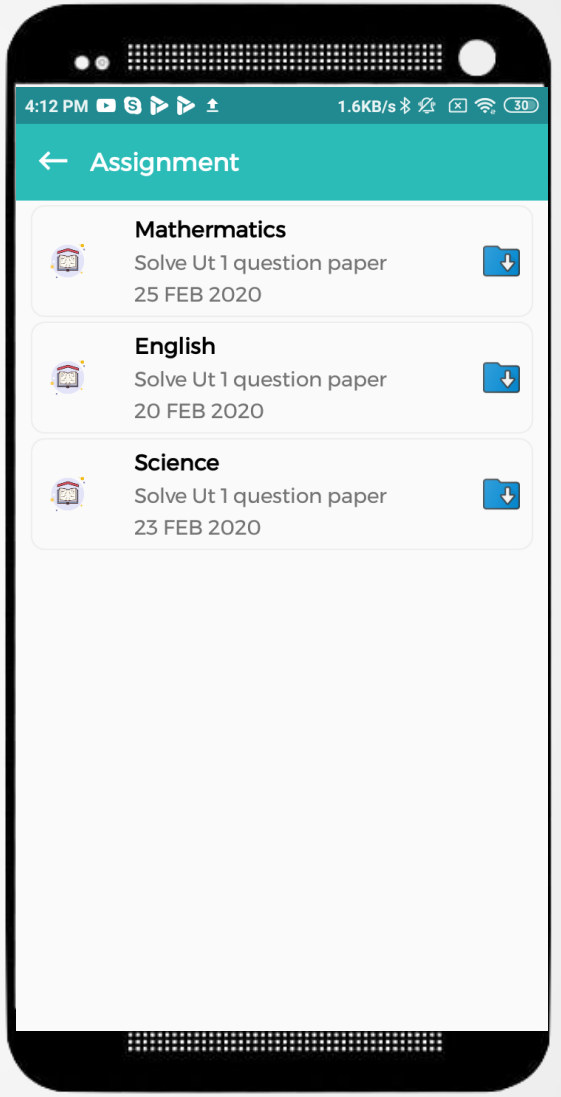
Fees History

Parents can also retrive the complete detailed history of each fees transaction with date and time.



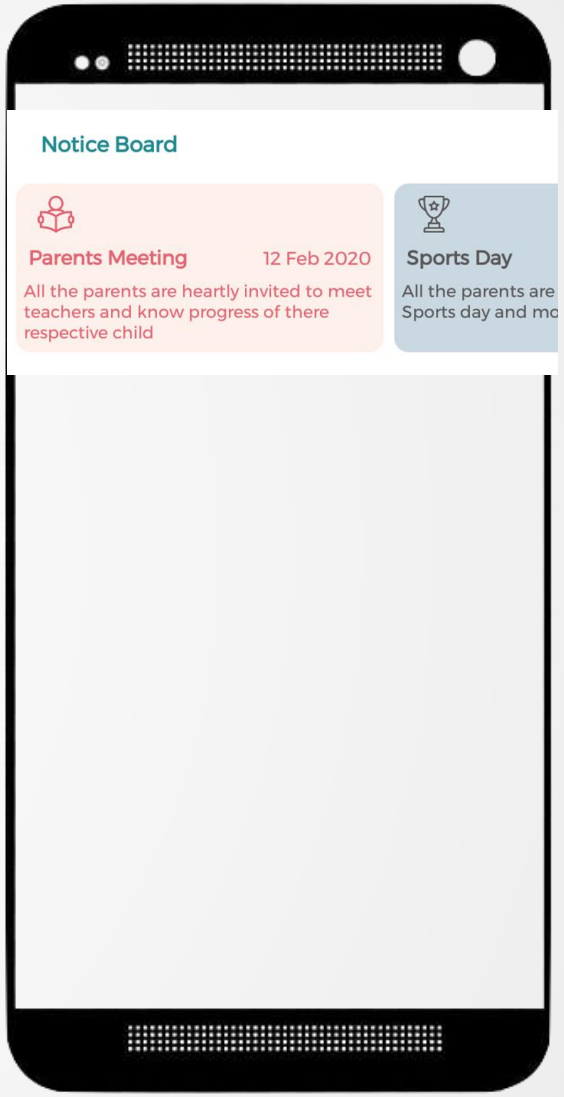
Assignments

Parents can also retrieve the complete date-wise assignments updated by teachers. Parents can view any uploaded assignment by teacher to get into more details of it.



Notice Board

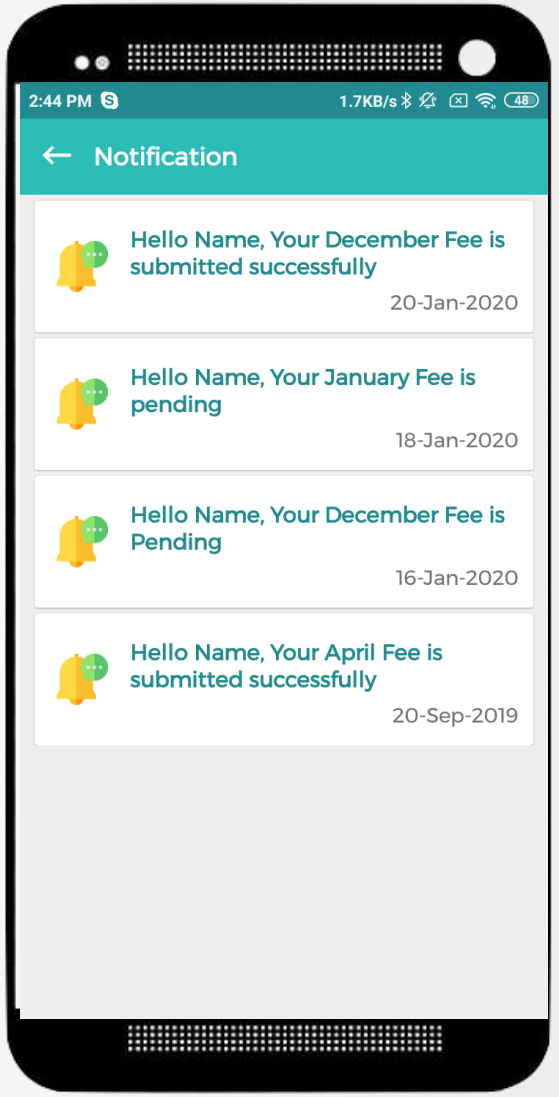
Parents can also stay informed with all important notice issued by School management in the digital notice board (Displayed on top of Home Screen || Parents App) like :
-Parents meet
-Sports Day
-Annual function



Notifications

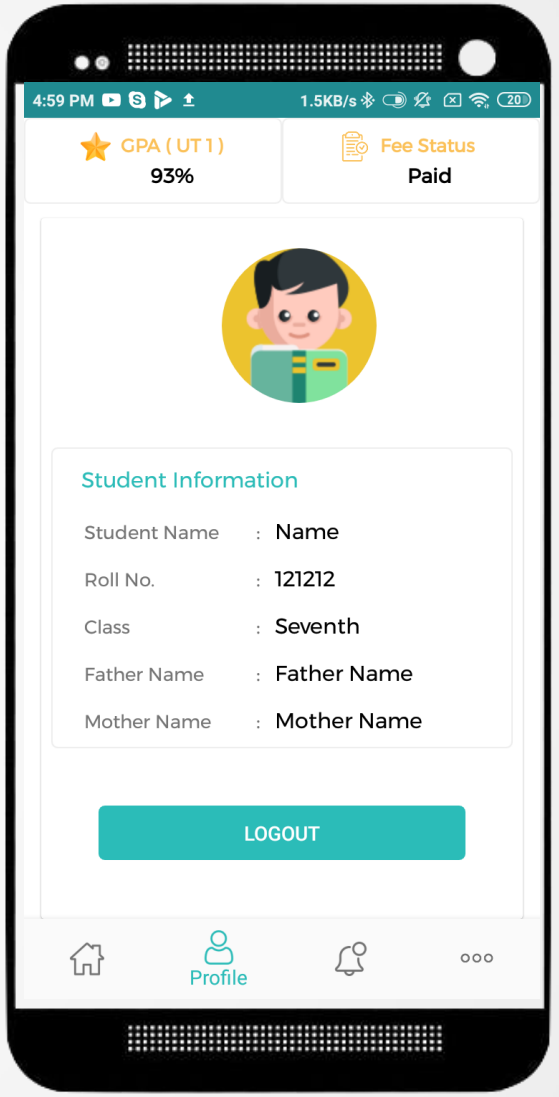
Now, no important notification/alert will be missed by any parent, because this app will keep informed parents alerted with all mandatory notifications sent to this app and also same listed in notification tab. These alerts can be like:

-Fees Submission Alert
-Fees Pending Alert
-Student Absent Alert
-many more..



Profile

Parents can view the student profile with their registered detail as per school records along with Fee paid status and Marks Status.



Module : 2

TEACHER’S APP
