Grow in the Age of
Cloud

ABOUT US

At Turf, we Empower businesses with tailored cloud solutions. End-to-end services for strategy, migration, implementation, and management. Unleash the power of the cloud for scalability, efficiency, and growth.

<https://www.turfdev.in>

CLOUD INFRASTRUCTURE MANAGEMENT

Efficiently managing and optimizing clients' cloud infrastructure resources, including virtual machines, storage, and networking.

CLOUD PLATFORM SERVICES

Providing expert support and management for clients' cloud platforms, ensuring smooth application development, testing, and deployment

CLOUD SOFTWARE MANAGEMENT

Offering end-to-end management and support for clients' software applications in the cloud, ensuring reliability and performance.

CLOUD STORAGE MANAGEMENT

Proactively managing and optimizing clients' cloud storage solutions, ensuring secure and efficient data storage and retrieval.

CLOUD MANAGED SERVICE SOLUTIONS

CLOUD DATABASE MANAGEMENT

Ensuring the smooth operation and optimization of clients' cloud-based databases, facilitating efficient data processing and management.

CLOUD BACKUP AND DISASTER RECOVERY SERVICES

Implementing robust backup and recovery strategies for clients' cloud environments, ensuring data protection and business continuity.

CLOUD CONTAINERIZATION SUPPORT

Assisting clients in effectively utilizing containerization technologies in the cloud, optimizing application deployment and management.

SERVERLESS COMPUTING MANAGEMENT

Offering expertise in managing serverless computing environments, optimizing resource allocation and scalability.

CLOUD MANAGED SERVICE SOLUTIONS

SOLUTION

CLOSE THE GAP

Close the gap with faster-growing tech world with Turf.

EASY TO Collaborate

We use DevOps Environment at our organization, Which helps the teams to collaborate faster and build at bleeding-edge tech

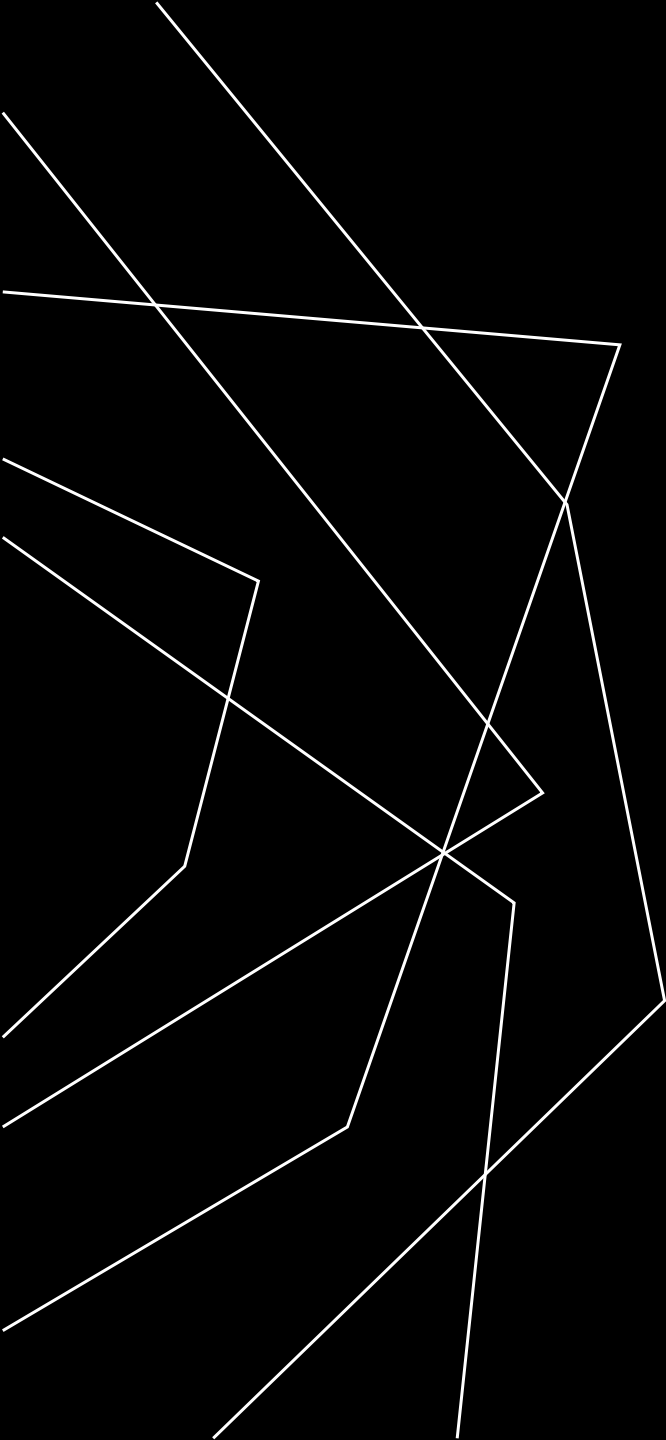

COST COMPLEXITY

Let Turf handle the burden of increasingly complex technologies like Kubernetes etc.

PLATFORMS:

We provide solutions for every major cloud provider:

- ✓ AWS (Amazon Web Service)
- ✓ GCP (Google Cloud Platform)
- ✓ AZURE
- ✓ OCI (Oracle Cloud Infrastructure)
- ✓ IBM
- ✓ Linode
- ✓ Digital Ocean
- ✓ Contabo

THANK YOU
