

Complete E-Commerce IT & Digital Marketing Services

Company Profile

LN-TECH INFO is an IT services company providing end-to-end technology and digital marketing solutions for E-Commerce businesses. We focus on scalable, secure, and performance-driven solutions to help online brands grow sustainably.

Service Overview

Our E-Commerce IT and Digital Marketing services are designed to improve online store performance, enhance brand visibility, and increase sales through structured IT support and targeted digital marketing.

Detailed Scope of Services

- E-Commerce website development, support, and maintenance
- Product and category SEO for E-Commerce platforms
- Digital marketing and paid advertising (Google Ads & Social Media Ads)
- Marketplace listing, optimization, and promotion support
- Social media marketing for product branding and sales
- Performance marketing and conversion optimization
- Analytics, reporting, and technical IT support

Service Methodology

We follow a structured methodology that includes requirement analysis, planning, execution, monitoring, and continuous optimization to ensure transparency and measurable results.

Service Objective

Our objective is to support E-Commerce businesses in improving online presence, attracting customers, and maximizing revenue through effective IT and digital marketing solutions.

Why Choose LN-TECH INFO?

- Experienced IT & digital marketing professionals
- Customized and scalable solutions
- Transparent reporting and ethical practices
- Affordable services for MSMEs and startups
